SHELF LIFE AND STORAGE CONDITIONS

Shelf life from production date: 12 months (Under recommended storage conditions)

Shelf life for opened packaging: 7 days (Under recommended storage conditions)

Recommended storage temperature (°C): Cool, dry temperature (ideally between 5°C -18°C), away from direct sunlight

Recommended relative humidity range (%): 65 % RH Max.

Product Durability

Relevant product is used and traded during the whole year due to its long shelf life. Depending on the storage and packaging conditions and the natural formation of the products they are prone to infestation, moisture reabsorption, colour, texture and taste change due to temperature and relative humidity change during storage & packaging integrity.

The assessment in order to extend the shelf life of product beyond the best before end date declared on the label is at our customers' own shelf life protocol/testing and sole discretion.

Med Food Wholesale Ltd accepts no responsibility or liability resulting from the usage of goods beyond the declared shelf life.

PACKAGING

Inner Packaging: Polythene bag

Outer Packaging: Cardboard

Pack Size: 3.200 kg.
